

Belgray Industrial ISO 220

A premium quality extreme pressure lubricant designed for gears and bearings. High viscosity base stocks are compounded with select additives to provide high flash, low pour point, outstanding oxidation stability, Excellent demulsibility and high anti-wear properties.

Applications

Enclosed industrial gear systems
Spur, bevel, herringbone, worm, hypoid,
Chain drives
Plain and friction bearings
Rust and oxidation inhibited

Advantages

Thermal hydrolytic stability
Anti-wear reducers, anti-foam
Demulsibility
Possess good adhesion properties
Protects against scuffing and wear
Non-corrosive

Typical properties

Product code,	0632
I.S.O grade,	220
A.P.I. classification	GL-4
Viscosity s.u.s @100*f	900-
Viscosity index,	95
Pour point *f	0
Flash point c.o.c *f	410
A.P.I. gravity,	27.5
A.S.T.M color,	3.5
