A premium quality multi-grade gear lubricant for automotive differentials and manual transmissions. Formulated with high viscosity index base stocks and premium additives. These gear oils resist oxidation and provide the extreme pressure capabilities necessary to protect gears in rear axles. They are recommended for service in both passenger cars, heavy-duty automotive and off road equipment.

Applications

Advantages

MIL-L-2105C AND MIL-L-2105D	Extreme pressure capability
Manual transmissions	Anti-foaming
Differentials	Corrosion protection
Primary gear boxes	Oxidation resistance
Auxiliary gear boxes	Minimizes wear and scuffing
Limited slip differentials	Meets and exceeds A.P.I. GL5

Typical Properties

Product code,	0609	0608
A.P.I. classification,	GL5	GL5
S.A.E classification	80W90	80W140
A.P.I gravity,	26	25
Viscosity s.u.s @100*f	625	1650
Viscosity index,	100	95
Flash point c.o.c*f	370+	370+
